

# THE CRYPTOGRAM

NOVEMBER

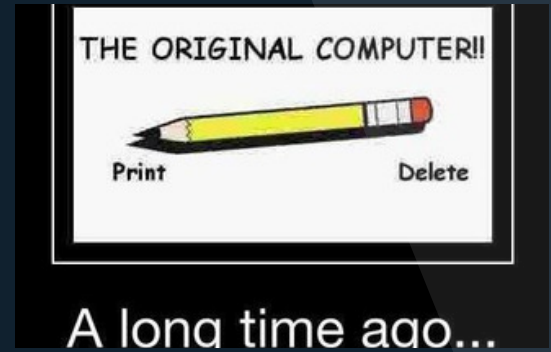

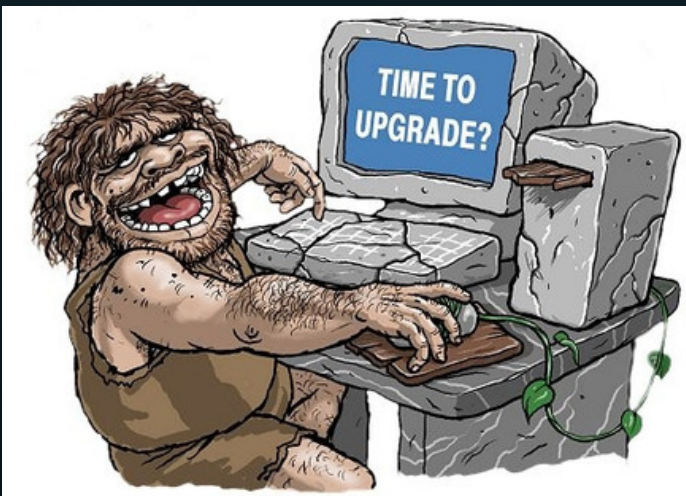

## Upcoming Events

### TCMX Coding Challenges

The first challenge is up! Check out the TCMX Coding Challenges under the Code Corner tab on our website. The challenges, rules, and all other information are available there. The challenges are for students in grades 4-8 (ages 9-14) but everyone is welcome to try them!

### Have questions about Code?

Look no further! theCodeMatrix Team is looking to set up a live webinar for those of you who are interested in learning more about code and want your questions answered. We want to know how many of you would be interested in learning more about code and want your questions answered. Go to the homepage of our website and fill out the survey if your child is interested in this opportunity!

## Apply to become a Club Officer

### For students

Are you in middle or high school, interested in computer science, and looking for volunteer opportunities? Then apply to become an intern (middle school) or a club officer (high school)! We are looking for students who have knowledge in coding and programming.

### Adults

We are looking for adult mentors in the profession of computer science, who are experienced with IOS and/or Android app development and/or web development to give advice and guide our club officers who are working on projects.

Sign ups and Applications can be found at [thecodematrix.org](http://thecodematrix.org)
